He has withdrawn his name from the ballot at the council meeting last night on motion of Chairman Trevor, and City Clerk Nichols was directed to file the name of the governor and the secretary of state for their approval. This means that it is the intention of the council to submit them to the people at the November election.

ARTHUR BRANDT, 4 Years Old, Sus- tains Serious Injuries.

Playing in the street at Junction and McMillan avenues yesterday afternoon, 4-year-old Arthur Brandt, 101 Elmwood street, was struck by an automobile driven by W. C. Seafred. Bystanders say the driver was not to blame. Brandt was in an open lamp and a sprinkling wagon directly in front of the machine. Seafred carried him to a room, where Dr. Arthur Bell, 621 Dix Avenue, attended him. He sustained a broken collar bone, a badly bruised right leg and possible internal injuries.

REFUSES TO PLEAD TO MURDER CHARGE

Will Attempt at Meeting Tonight to Fix Up Complete List of Candidates.

It is understood to be the intention of the Democrats who are engineering the party conference to be held in Golden hall, on Michigan avenue, tonight, to arrange a complete slate of candidates for all the precincts, city, county and legislative offices. If such a thing is possible. There is a good deal of political chaffing to what will be the outcome of the gathering.

It is regarded as almost certain that William B. Thompson will be unanimously endorsed for the nomination for city treasurer. In most of the other places it seems to be a case of which one of the eligible candidates will be nominated and put up a campaign. It is said that former City Assessor Fred C. Jones will be so endorsed for the nomination for city treasurer if he will consent to make the nomination. It is said that David Henderson, who made the run for city clerk last time, will be nominated for the office again if he will say the word.

There is not much doubt that Alfred L. Thompson will be nominated for the congressional nomination against Edwin Denby and his running mate, Lewis, who will make the run. As to the other places there does not appear to be much speculation.

HUMIDITY OPPRESSES ALL

Clouds Hover Over City, but Rain Refuses to Fall.

Yesterday was a sticky day. The temperature at no time arose above 82 degrees, and it kept considerably close to the 74 mark, but it was exceedingly oppressive on account of the humidity. The glistening perspiration of Detroiters, caused by their being bathed by the heat, during the hot part of the day, late afternoon being especially prominent in evidence.

The weather bureau offers no guarantee that rain will fall, though they hold out the inducement, "sooter," but slightly.

DINNER TO MISS BONSTELLE

He was dragged under the fender and was pinned to the ground by the man of the motorman, who brought the car to a swift stop, that the child was not seriously injured.

He was carried to the office of Dr. E. R. T. T. on Champlain street, where several bruises and cuts were attended to.

## AMENDMENTS GO TO GOV. WARNER

Council Takes Charter Measures From Table, for Submission in November.

## BRANCH LIBRARY SITE PURCHASE CONFIRMED

Delegates Named to Convention of League of American Municipalities.

Most of the charter amendments prepared by the council committee on charter and city legislation several months ago were taken from the table at the council meeting last night on motion of Chairman Trevor, and City Clerk Nichols was directed to file the same with the secretary of state for their approval. This means that it is the intention of the council to submit them to the people at the November election.

The list includes the important amendment which would limit the bonding limit from 2 to 2 1/2 per cent of the assessed valuation, but it does not include the amendments to increase the terms of city officials from two to four years, to make the terms of appointive officers coterminous with those of the mayor, or to increase the board of assessors from three to five members. The indications are that the aldermen will be the ones to go over until some future election.

By an overwhelming majority the council voted to reconsider the awarding of the contract for repairing the bridge from the firm of Whitehead & Kales. Commissioner Haarer said that he is unable to get only one bid for doing the work because all the firms are busy. He said that the bridge is in a bad condition and the repairs made at once or as soon as possible.

The aldermen clinched the purchase of the branch library site at the intersection of Griswold and Woodward, the agents of the property, Brooks & Brooks. The firm is a member of the public and the aldermen voted to let the firm have the site.
