

Many Physicians Prescribe RIENZI BEER

Clever physicians know that in order to benefit the weak and ailing, Beer must be properly aged.

Not one drop of beer ever leaves the Bartholomay Brewery that is not aged perfectly. That's why it never upsets your stomach---it's the green, unripe beer that makes you bilious.

Rienzi Beer is a good beverage for you. The malted barley that goes into it is a digested food. The fine hops are admittedly a splendid tonic.

Physicians who have visited the Bartholomay Brewery are the most persistent advertisers of its famous products.

They know Bartholomay Rochester Beer is brewed of highest quality hops and malt, under the most spotless method of cleanliness, and that it is a tonic beverage that promotes health.

Rienzi is the right beer for your home. It is delightfully palatable and refreshing, and it's just as easy to get as the wrong kind.

When physicians prescribe it for the sick, it surely cannot do harm to the healthy.

You can have a dozen or a case of bottles delivered right to your door. Phone or mail your order and it will be promptly filled.
