The offending passenger refused to leave the car and the action was upheld by a majority of the passengers. PLAN NEW THEATER. New Yorkers Obtain Lease of Philharmonic Hall.

REMODELING TO BEGIN SOON. Vandeville House, When Completed, Will Have Seating Capacity of 1,300, of Which 300 Will Be in Boxes—Opening to Take Place About First of September.

Another first-class vandeville theater is planned for Detroit and will be opened about September 1, next. Loans were made Monday by the owners of Philharmonic hall and the property adjoining, the Mendel hotel, to a syndicate for a term of years and the remodeling of the old Philharmonic into a theater building will begin within a few weeks.

"It is to be a first-class vandeville house in every detail," said H. A. Aase, whose wife is one of the owners. "The people in the syndicate are New Yorkers, with the exception of Albert L. Scoville, of Ann Arbor, and it is not a matter of insurance, but a certainty that only the highest class vandeville entertainment will be offered at the theater when ready for opening."

The property leased fronts 140 feet on Lafayette, and it is to be the largest theater in the city. The remodeling of the old property into a theater building will be completed in about 18 months. The new theater will be built and in all probability will be the largest theater in the city. It will have a seating capacity of about 1,300, of which 300 will be in boxes.

EASTER AT OPERA HOUSE. Church of New Thought Will Hold Service Next Sunday.

On Sunday evening the Church of New Thought, Mrs. Margaret L. Grange, pastor, will hold the annual Easter service in the Detroit opera house. Special music and a dramatization of the life of the Saviour will be features of the occasion. Mrs. La Grange will speak on the subject of

"The Open Republic." When similar services were held a year ago fully 100 people were turned away because of lack of room.

Beginning with Easter the society will enter upon a year of Sunday evening services in the Detroit opera house. Mrs. La Grange said yesterday that the opera house has been secured partly because of increasing congregations, and partly because it is the wish of the members of the society to allow young people who are not yet in a place in which to work for the Easter FREE PRESS and the great prize.
