HAWAIIANS TO GIVE CONCERT TOMORROW

'Bird of Paradise' Play Will Render Native Songs at Cafe Beautiful

The Hawaiians, now playing at Hamburger's Majestic theater in Oliver Morosco's production of "The Bird of Paradise," will give their full repertoire of Hawaiian songs at Hamburger's tomorrow afternoon in Cafe Beautiful.

When the production was first put on here Oliver Morosco sent a man to Hawaii for the express purpose of bringing back the best singers and musicians in the island. Since every native Hawaiian plays and sings, Morosco's representative was able to bring back artists of rare merit.

Tomorrow they will sing "Aloha," "The Warm Springs," "Burning Love," "The Prayer of Death," all the Hawaiian national air and several other songs of the land of sunshine and flowers. They will play their accompaniment on the Ukelele, the native Hawaiian instrument.

"I Went to the Orpheum, Elsie

And on the Way There I Noticed Cherry's Credit Store."

"I made up my mind to go up there the next day and see just what sort of a place they have. Besides, I noticed they sold Clothes on Credit, and that appealed to me hugely.

"To say that I was surprised at what I found is putting it rather mildly. Anyway, when I actually sorry I didn't know about Cherry's sooner. Do you know you can get the swellest, prettiest clothes up there on Credit? Just a small deposit down and the balance in Easy Payments to suit your purse.

"They not only sell Suits, but the most charming dresses of wool and silk, stylish skirts and lovely coats. And such a variety! The most critical dresser can find ample selection up at Cherry's.

"My! I almost forgot to tell you the nicest part of this story. I bought a splendid dark-blue Suit that day. Just got it today, as a few alterations were necessary. And it fits perfectly! Cherry's are on the second floor of the Orpheum building, at 326 South Broadway. I advise you to go up as soon as you can."—Advertisement.

Lay Costly Golf Course to Lure Men from Tango

FRESNO, Oct. 15. — Rag dancing is mixed up with the keen rivalry between the Sunnyside Country club and the Riverside Country club, which has reached a new stage with the announcement that the Riverside club has begun to lay out an eighteen-hole turf golf course, intended to be the best in interior California.

The Sunnyside club allows rag dancing. The Riverside club forbids it. Ragging is popular in Fresno society, and the Sunnysides has enjoyed an ascendancy over its rival for many months.

So the Riverside directors planned the eighteen - hole course as a sort of broadside against the Sunnyside and the rag.

ROWANSBURG VICTOR ANNOUNCED TONIGHT

'Round-Up Barbecue to Mark End of L. A. A. C. Mayoralty Race

With H. D. Ryus leading by 691 votes in the race for Mayor of "Rowansburg," the Los Angeles Athletic club "city" civil managers will gather tonight in the gymnasium to hear the final returns of the campaign.

The rally will take the form of a round-up barbecue. The members will appear in full cowboy regalia. A large brick fireplace has been erected in the gym. On a table around which the present Mayor, Frank Young, and his cohorts will be seated, a big pod will support a kettle containing two hogs, five snakes, Indian tepees and other trappings will be set in various parts of the room.

In one corner will stand the city jail for riotous members. At 11 o'clock the plunge will be opened that the zealous workers may have a chance to cool off.

Ryus, to date, has 10,493 votes; Ed Featherstone, 9802, and Col. "Bill" Barrett 8434.

The polls will be open until 8 o'clock. More than 600 club members are expected to be present.

PEOPLE'S CHORUS TO REPEAT VERDI MASS

Concert Will Be Given Next Sunday at Temple Auditorium

So great is the enthusiasm over the presentation of Verdi's Requiem Mass by the People's concert last Sunday, that already the demand for seats at the repetition performance for next Sunday promises a crowded house. Managers are urging those who wish to hear the Mass to secure their tickets early as there seems to be a probability that as many people will again be turned away.

The chorus will be augmented by a large number of trained singers who are members of the Music Teachers' association.

The People's chorus is preparing "The Messiah" for the coming Christmas season. The present exhibition of the organization is to increase the chorus to 600 voices in time for this big musical event.

A Bountiful Rainfall and Sub-Irrigation Generously Supply the Water Needs of WEST SACRAMENTO FARM LANDS.

There is no water question at West Sacramento Farm Lands. The government report shows the average annual mean rainfall to be over twenty inches. Added to this, these lands are sub-irrigated, so that fruit and vegetables grow practically as well in the dry summer months, without any irrigation, as in the rainy season.

The best proof we have of this, is the beans, tomatoes and other vegetables now flourishing on these lands. These products were planted after the rainy season, and no water has been given them. We would like you to see how green, how luxuriant, how productive they are. And we would like you to see the broad Sacramento River, the largest stream in California, that flows by eight miles of the West Sacramento Farm Lands, and which is the source of the sub-irrigation of these lands. We would like you to see the broad, deep full canals that intersect this property, so that if at any time more water is wanted for any purpose, it is right at hand.

With the water question eliminated; with virgin, alluvial soil that is as rich as any soil in the world, and thus permits of intensive farming, the maximum of profits can easily be secured at the minimum of expense.

Garden Truck
Fruit and Berries
Dairying
Poultry Raising
Hogs and Alfalfa

Any one of these pursuits can be followed with the maximum of success at West Sacramento. The three essentials for success—climate—soil—water, are here, and here in great abundance. The word "success" means something at West Sacramento—it means that $200.00 per acre is cleared from tomatoes; it means that six crops of alfalfa are grown on the same land in one year—twelve tons to the acre—it means that Bartlett Pears on these lands net $500.00 per acre; and it means as great success with all other crops.

Wouldn't it be a great satisfaction to you to farm where water is always abundant, where the soil is virgin and unequaled in its richness, where an agricultural laboratory is at your command without cost; where electricity may be had for light and power at small cost, and where such a thing as a crop failure for the entire year is impossible? Haven't we interested you enough now, so that you want to know more? Wouldn't you welcome the opportunity to do better and live better? This is the opportunity—WEST SACRAMENTO FARM LANDS. Our selling terms are made as convenient as possible. These terms and prices, with all other information, will be given you at our office. We will also arrange for you to make a trip to West Sacramento. If you can't call at the office, mail the coupon, which will bring you the desired information.
