

ROSE CITY BEER IS ALWAYS MILD

If you haven't tried our special family brew, there's a treat in store for you.

We use an extra amount of the finest imported hops in this beer, which gives it a distinctive and delightful flavor.

You needn't fear to try it because most beers disagree with you—for

ROSE CITY BEER

is made especially mild just to please and agree with you.

Every bottle we sell has been aged for months—it's never sharp or bitter—it never causes biliousness.

If your dealer hasn't it on hand, phone us direct—East 46 or B-1146—and we'll see that you're promptly supplied.
