Loss to Evaporator Plant There Amounts to About \$4,000.

Special to The Buffalo Express.  
Medina, Sept. 13.—This morning about 3 o'clock there was discovered at the evaporator plant of M. Dates & Son, at Lyndonville, about seven miles north of Medina.

The firemen, with a hastily formed bucket brigade, succeeded in confining the flames to the buildings burned, which were the main building, or dryers, the shop and the tills. The coal shed, fruit building, office and storage buildings were all saved.

The plant had recently been put in shape to begin the fall work and a large amount of valuable machinery was also lost, including a gasoline engine valued at about \$600. The total loss is estimated at about \$4,000, with \$2,200 insurance.

## HOLD A NIGHT SESSION

Wide Differences of Opinion on Several Matters Hold Up Work.

By the Associated Press.

Washington, D. C., Sept. 13.—A settlement of the differences between the senate and the house over the proposed duties on wheat and flour was reached by the Democratic members of the conference committee today. The nature of the agreement was not made public, but it was understood that the house members finally accepted the senate amendment almost without change.

Under this provision, both wheat and flour would go on the free list and a duty of ten cents per bushel would be assessed against wheat imported from a country levying a duty on American wheat, and a duty of ten cents per bushel against flour imported under like conditions.

The house had put a straight duty of ten cents per bushel on wheat and had free-listed flour, with a countervailing duty of ten per cent, ad valorem.

This evening the national organizer and lecturer of the organization gave an address. Tomorrow morning reports of the Shinglehouse assembly will be given, after which election of officers will take place. Mrs. Gangar will speak. In the afternoon Mrs. S. D. Sarecky is Missing. Louis A. Sarecky, secretary to Mr. Sulzer during the gubernatorial campaign, is missing. The reason for the absences for the prosecution, is missing. Like Frederick L. Colwell, the governor's alleged representative in Wall street transactions, Sarecky declined to answer certain questions when called as witness before the Frawley committee and his arrest was demanded by the assembly.

Ministerial Association to Hold Meeting at Wheeler.

Bath, Sept. 13 (Special).—The fall meeting of the Concho Valley Ministerial association will be held at Wheeler next Monday. The sermon will be delivered by the Reverend Charles Edwin, rector of Saint Thomas's Episcopal church, and will be followed by a symposium on The Problem of the Rural Church.

The following clergymen will participate in the discussion: The Reverend T. W. Carter of Bath; the Reverend Jay E. Shaw of Savona; the Reverend Mr. Baker, the Reverend Mr. Collins and the Reverend Mr. Simmonds.

Solemn Proceedings.

The proceedings today were conducted in high solemnity. Presiding Judge Culjen seated on a dais with a background of heavy gold and maroon draperies, was a figure of impressive dignity. Each senator, as he took the oath standing in the center of the semicircular space between the senatorial desks, addressed the assembly to call the annual significance of the occasion. The remarks of counsel were couched in formal terms and each bowed low as he arose to address the court. Imbued by the solemnity of the scene, spectators in the galleries watched the proceedings in silence at no time disturbed. Among them many brightly dressed women adorned a touch of color to the gathering, but the black silk robes of the judges and the dark cloths worn by a majority of the senators contributed.

The scene within the court chamber was in marked contrast to that presented by the crowded, police-patrolled corridors outside. Hundreds of disappointed men and women clamed, threatened and pleaded for an opportunity to catch a glimpse of the history-making tribunal.

Photographers were not permitted to bring their cameras into the courtroom while the session was on and had to content themselves with pictures of the entire trial, awaiting the adjournment.

Artists busily pined their pencils, but for the most part the various celebrities could be snapped only on their way to the capitol or passing through the corridors.

Sulzer Not in Court. There was considerable disappointment in the courtroom when it was learned that Governor Sulzer was not to be present, following the advice of his counsel. His legal adviser, Valentine Taylor, occupied a seat among his attorneys and his secretary, Chester C. Platt, was an interested spectator from the gallery facing the presiding Judge.

The governor did not come to the capital today, but remained at the People's house closely in touch with the proceedings going on in the high court. He arose at 7 o'clock, enjoyed his morning stroll about the executive mansion grounds and breakfasted with Mrs. Sulzer for half an hour when the various possible developments of the day were discussed. Later he participated in a conference with his legal advisers.

During the afternoon, in spite of the urging of his wife, he declined to take his customary automobile ride, a recreation he has enjoyed regularly for the last few days.

Other conferences with counsel followed in the afternoon and evening. The impeached executive was reported to be in good health and spirits.
