

## Jay Davidson Says

**DEPARTURE** of the Larney Liberator stable for the Antipodes opens a list of plans that McCray and Coffroh had in view for the next six months. Larney takes not only Clabby but Joe Welling and Steve Katchel, lightweights, and as all three were being considered for scraps on the coast in the near future, these departures make a serious situation. McCray and Coffroh have had in mind to send Clabby to the Antipodes for a period of time. There is not a middleweight left in America who can give Clabby a decent argument and the lightest crop ever had in America. And all three are now fairly healthy.

**M**ore of the opponents for Clabby is that is available in England, in an effort to be defeated in the Antipodes before he returns to the Antipodes before he returns to the Antipodes. Dave Smith, whom everybody has been waiting for the last two years, will be one of the boys Clabby will meet, and as Clabby has won against him in the past, it is a fair bet that Clabby will win. The other boys who will be in the Antipodes will be smaller than Clabby, but will be better than Clabby. The Antipodes will be a good place for Clabby to get a good workout.

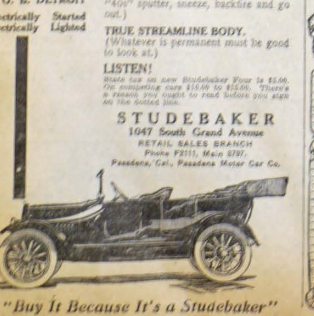

**W**ellington will be included with Harry McCoy, Hugh McCray, Young Sturges, Frank Fitzgibbon, and Harry McCoy. The Antipodes will be a good place for Clabby to get a good workout. The Antipodes will be a good place for Clabby to get a good workout.

## EVERY CLUB SHOULD CARRY PINCH HITTER

**DECLARES CAP DILLON**  
By FRANK DILLON  
Manager of the Angels  
No baseball club above a Class A rating should be without a player who is known all over the circuit as "a dangerous man as a pinch". I believe that Harry Mack will be feared all over the league by Coast League pitchers.

**OFF THE BAT**  
The Tigers will be in the lead in the Coast League race by a wide margin at the end of the season. The manager would be looking for a pinch hitter to get on the base.

**MURRAY SIGNS DEAL**  
This is a risk made a man just for the purpose of being in a fight has been given up by Murray. After leaving the Coast League, Murray has signed a contract with the Angels.

**Beebe and Douglas to Compete in Me.**  
Charles Beebe, the Anaheim high school star, and Douglas, the Los Angeles, quarter-mile runner, from the same school, are the first athletes to enter the A. A. C. track and field championships to be staged April 18 at Redlands, Calif.

**McGraw Knocks Out Chip in Round One**  
NEW YORK, April 8.—There is a surprise in store for American polo players, according to the latest information from Mexico, where the English team is preparing for the International Polo Cup. The team which is to meet America has been picked and the names of the players are as follows:

**Silver Cup for Winning Pitcher**  
PORTLAND, Ore., April 8.—At a meeting of the Ore. C. Minor League, April 8, the silver cup was presented by the club to the winning pitcher of the game. The silver cup was presented to the winning pitcher of the game.

**CAPONI CALLS OFF BOUT**  
CHICAGO, April 8.—The bout between Caponi and the champion of the world, Harry Mack, will be held at Chicago, Ill., on April 15th.
