REFUSES TO LET CLEANING WAIT; PAINTS HOME

G. W. Hancock Proud of His Home and His Flower Gardens

George Washington Hancock of Central avenue and Fifty-ninth street today showed what one householder can do toward aiding the "clean-up and paint-up" week movement.

Hancock didn't wait for "clean-up and paint-up" week to arrive. He just tackled the job at once.

He painted his residence.

He cleared out every weed.

He planted flowers wherever there was room for them.

BOWER OF BEAUTY

And Hancock has made his place, measuring 50 by 126 feet, a veritable bower of glory.

That's what Hancock did. He had a magnificent nucleus for such an improvement. He had three rows of beautiful calla lilies fifty-four feet long. He had two rows of roses on eight-foot arbors forty feet long. His house is decorated with American Beauty roses. He has one spot 20 by 20 feet, given over to a floral display of well-harmonized colors.

Now there isn't a weed in the place and his home shines with its new dress of paint.

And what Hancock did YOU can do in the "clean-up and paint-up" week, April 20 to 26.

PRIDE IN HOME

Hancock brought a beautiful cluster of calla lilies and roses to The Evening Herald office to show his pride in his home place.

April 20 to 26 is the period for enhancing the beauty of Los Angeles. Everybody is going into the movement, arms bared, shovel, rake or hoe in hand, to make Los Angeles surely the most attractive and cleanly place in the whole wide world.

Invitations will be mailed to all those making requests until the capacity of the big Auditorium is reached.

Catarrh is Often Deep Seated

Local Congestions May Indicate Much Internal Inflammation.

Just because catarrh affects the nose and throat, few people realize how deep-seated it may be until it creeps into the bronchial tubes and settles down into the lungs. The way to treat catarrh is to recognize the fact that it is in the blood.

And there is only one blood purifier that can be safely used. It is S. S. S., the most powerful, the most searching, the most assimilative blood remedy known today, for it is not a mineral, but a vegetable remedy.

The medicinal components of S. S. S. are relatively just as essential to well-balanced health as the nutritive properties of the grains, meats, sugars and fats of foods. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write Medical Dept., The Swift Specific Co., 532 Swift Bldg., Atlanta, Ga. Carefully avoid any and all substitutes for S. S. S. There is nothing "just as good."
