# Banner Card Arranged to Open Sulky Meet at Exposition on Saturday

## 2:07 Pace Fills to Round Programme of the Races

### Greatest Horses Ever Seen on Coast Ready for the Big Opening

By FRED A. PURNER.

ANNOUNCEMENT of entries for the 2:07 pace, which closed on Tuesday, assures another high-class attraction for the opening card at the exposition meet on Saturday. It attracted eleven fast performers, a number of them candidates for the $20,000 stakes. Horsemen are pleased that the event filled for it will give them a line on the pacing rivals that line the course.

There were eight substitutions for the $20,000 2:10 trot that will be staked a week from Saturday, which, with seven original entries that stand, brings the field up to fifteen.

The pace saw seven substitutions and one new entry—that of Dr. Burns Jr., making a total of twenty-two that are in the hunt for the $20,000 stake on June 19th, getaway day. There are a few that will drop out by declaring time, but at that a big field will likely come out for the word. The three class events—2:12 trot, 2:13 pace and 2:17 trot—and the free-for-all trot did not fill, and other events will be substituted. It is unfortunate that the fast trot did not go, for local sulky followers were anxious to see Lon McDonald's Star Winter in action against Maymack and Albaloma.

The entries for Saturday's races are as follows:

2:20 TROT. $2000—THREE HEATS.

| Horse— | Owner— |
|---|---|
| *Golden State | Blackwell & Hendricks |
| *Major's By Guy | I. L. Borden |
| Bon Crest | J. J. Campbell |
| Blue Finch | Marvin Childs |
| Sniggan | V. K. Dunne |
| *Miss Quraley | W. G. Durfee |
| *Bertha Pointer | W. G. Durfee |
| Virginia Barnette | W. G. Durfee |
| [illegible] | [illegible] |

[illegible]

if favorable days are in order at the exposition track. With Peter McCormick and Loe Blossom setting the pace for the trotters in 2:06 and a fraction, and Madam Mac and Joe Patchen II pacing around 2:05 it is enough to make the railbirds sit up and take notice.

SUBSTITUTES FOR BIG STAKES.

The substitutions for the big stakes cost $200 additional to the original entry fee, so that the following trotters for the 2:10 classic must be pretty highly thought of:

McCloskey for Marie Murphy.
Peter McCormick for Fleeta Dillon.
Kinney de Lopez for Wilbur Lou.
Baby Doll for Albaloma.
Virginia Barnette for Esperanza.
Loe Blossom for Mahomet Watts.
Scriggan for Washington McKinney Jr.
Kid Cupid for El Paso.

The original entries are—Ilone H. A. R. G. Electric Patch, The Earnest, John Mack, Mamie Alwin, San Felipe and Allenin.

The Earnest, Mamie Alwin and Allenin are doubtful starters. The latter is the trotter entered by Prince Ypsilanti of Vienna, Austria, and naturally will not be on hand.

The switches in the $20,000 pace are:
San Jacinto for Dan Commoner.
O. U. C. for Martin.
Margot Hal for Loch Lomond.
White Sox for Guy Borden.
Rosie for Sweet Princess.
Princess Patch for Dazzle Patch.
Teddy Bear for Black Bear.
Dr. Burns Jr., new entry. Original entries are: Imperius Palmer, College Gent, Oro Mo, Homer, Frank Perry, Homer Mac, The Bester, Little Bernice, Twinkling Dan, Little Princess, Rose Equity, Hal Bor, Red Rock and Walnut Grove.

Oro Mo, Little Princess and Rose Equity are listed as doubtful starters.

There was little in the speed line [illegible]

## STEARNS TO BUILD KNIGHT MOTOR TRUCK

### Cleveland Factory Is First to Invade Commercial Field With Silent Engine.

By LEON J. PINKSON.

Among the new types of motor vehicles that are to appear during the 1916 season will be a five-ton motor truck equipped with the silent Knight sleeve valve motor. The vehicle is to be built by the F. B. Stearns Company of Cleveland, makers of the Stearns-Knight cars. Information regarding the new machine has just been received by A. G. Sommerville, manager of the Argonaut Motors Company, the Northern California distributers of the Stearns line. In speaking of the new truck, Sommerville said yesterday:

"Besides being the first to introduce the Knight type motor into an all-American made truck, the same motor used in the foremost cars and trucks of Europe, such as the Daimler, the Mercedes, the Panhard and the Minerva, the Stearns Company introduces a number of new and distinguishing features, all contributing toward the construction of a noiseless motor truck. Chief among these is [illegible]

CADILLAC CROSSES CONTINENT.

## Exposition Athletic Body Starts Work on New Plans

### July Programme of P. P. I. E. Revised and New Secretary Appointed

Starting their work with a bang, the members of the newly organized exposition athletic committee commenced a campaign for the betterment of Panama-Pacific sports yesterday, and judging from the manner in which they have addressed themselves to the task, the programme already initiated should swing through with gratifying success. The committee has established offices in the Olympic Club and Herbert Hauser has been appointed to act as permanent athletic secretary, as securing of a central location and the appointment of a man who understands all of the phases of amateur sports to the office of athletic secretary have thought to be very vital steps for general betterment.

The first work undertaken by the committee, the revision of the July athletic programme, was accomplished with satisfying dispatch. Dates assigned for July indicate that swimming will be the chief activity of that month. The P. A. championships, the out-door and indoor national meets assigned to the P.-P. I. E. will be the chief of these events. The sub-committee on swimming has been asked to mature all plans already made and it is thought that a permanent announcement will be forthcoming very shortly.

One of the other important events upon the July programme is the Far Western track and field championships. These games are expected to attract a record entry from the Pacific Coast and neighboring States and the athletic committee will spare no pains to make this venture a success. Already promise of star performers has been secured and the event should rank very close to the A. A. U. junior and senior games. The balance of the July programme will include a P.-P. I. E. national interscholastic track meet, a turn verein exhibition, which will include work by national stars, together with a monster Army and Navy track and field meet.

Following is the July programme in detail:

July 2d—P. A. A. swimming championships.
July 12th to 14th—Army and Navy meet.
July 21st—Outdoor swimming A. A. national championships, yacht harbor, 440-yard swim.
July 23d—Outdoor swimming, A. A. national championships, 880-yard swim.
July 24th—Outdoor swimming, A. A. national championships, one mile swim.
July 25th—Outdoor swimming, A. A. national championships, high diving.
July 24th—P. P. I. E. national interscholastic meet, exposition stadium.
July 25th to 28th—Turn Verein exhibition, exposition stadium.
July 30th to 31st—Far Western track and field and marathon, exposition stadium.

## Federal League

## Famous Swimmers to Race at Exposition

A wire was received yesterday from Frederick K. Rubien of the A. A. U. by Chairman Humphrey of the general athletic committee of the P.-P. I. E. to the effect that the cream of the swimming talent of the United States are slated to compete in San Francisco [illegible]

## BANKER ADVISES TRADE COMBINES

### H. P. Davison, of Morgan's, Says It Is Only Solution of Foreign Trade Issue.

NEW YORK, June 3.—Henry P. Davison, a member of the banking firm of J. P. Morgan & Company said today in testifying before the Federal Trade Commission that he believed the fundamental requirements for developing the export trade of the United States to be increased shipping facilities.

The Commission began its hearing here today to learn from business men their opinions regarding, among other things, the advisability of permitting combinations among American exporters for the extension of an export trade with foreign nations. Davison said that with proper shipping facilities, other things such as financing and selling would follow in sequence. Then he continued in part as follows:

"Some form of combination of our business units must be organized if we are to do much in the foreign markets, with their keen competition. Combination would make it possible to cut down costs and effect concentration. The removal of competition between the units in foreign countries would make possible prices for the benefit of American stockholders."

"Would it be possible to stop the firms from doing in the local field what they would do in the foreign field if they were organized?" asked Chairman Davies.

"Yes," replied the witness. "The field would be different, the purposes would be different. I do not think there would be any difficulty in financing these undertakings if such combinations in foreign trade were permitted."

Roger Babson, statistician, gave it as his opinion that exporting combinations in this country would affect the domestic prices. The plan to divide the foreign territory for selling campaigns as has been done by the Germans, Mr. Babson said he [illegible]

## Travers Beaten by Old Rival, Travis

RYE (N. Y.), June 3.—Walter J. Travis of Garden City, former winner of international, national and metropolitan championships, played a splendid game today in the second round of match play for the Metropolitan Association's title on the Apawamis Club's links. [illegible] driven from the tees, but his remarkable work on the greens gave him the victory.

The gallery frequently applauded both men for their brilliant and daring play. Each made the round in 76, Travis winning the match on the home green with a twelve-foot putt for a half in fours.

Four former winners of the Metropolitan championship—Douglas, Seeley, Herreshoff and Travers, were eliminated today. The present champion, Oswald Kirby, and Travis, meet in the semi-final round tomorrow, provided each wins his match in the third round tomorrow forenoon.

DR. GIBBON

The oldest and most reliable specialist in San Francisco, still continues to cure all Debility or diseases wearing on body and mind. All weaknesses consequent upon the errors of the sexes. Skin and Bladder diseases of years' standing successfully treated. The doctor cures when others fail. Try him. Beware of boasting quacks who say they are the only legitimate specialists in San Francisco. Make inquiry before treating any of them; it costs nothing and saves many regrets. Those who have been swindled by them should consult Dr. Gibbon and be treated and cured by him. He has practiced over 50 years in San Francisco and stood the test of time. Persons at a distance may be CURED AT HOME. All communications strictly confidential. Charges reasonable. Call or write. Address DR. J. F. GIBBON, 1944 California street, at Octavia, San Francisco.
OFFICE HOURS—9-12, 2-5, 7-8.

Sept. 12, 1840: The lion sent as a present by the Emperor of Morocco to President Van Buren, [to his consternation] was sold in Philadelphia the other day for $325.

*1840—1915*

Seventy five years ago when Martin Van Buren was President, the brewery of Lemp was founded—the oldest in America with a national patronage.

Three generations of Lemp master-brewers focused their efforts on perfecting the *finest* beer flavor---

"The choicest product of the brewer's art"

FALSTAFF

was the result—truly a Lemp *triumph*; and the foremost brewing achievement of this age.

Beer is a food. Bread and beer are made of the same materials; cereals, yeast and water. Bread is solid; beer is liquid—both are highly nourishing. Physicians prescribe beer to produce energy, build tissue and strengthen nerves. Good beer is the elixir of life.
