# How Rainier Beer Benefits

Many people do not realize the food value of Rainier Beer. Do you? Do you know that Rainier Beer nourishes, soothes, liven and cleanses the body as no other beverage does? Do you know that its malt is a food partly digested and most easily assimilated? Do you know its hops are a tonic quieting to overwrought nerves? Do you know that its small per cent of alcohol assists digestion? Do you know that its liquid washes away clogging waste?

## All These Things Are True

Your Doctor Will Tell You So!

Beer is good for both the sick and the well. Doctors prescribe it for those who are weak and "run down." The inhabitants of the most healthy and progressive nations of the world drink beer.
