Why I Drink Beer

"—because beer, to me, is an ideal beverage for the hot weather. For a drink on the porch—after the game—on the boat or launch—its refreshing, appetizing and absolutely non-intoxicant."

Always keep a supply of PRIVATE SEAL at the summer cottage or lounge. You will appreciate its brilliant, sparkling "body," its delicious, throat-soothing, refreshing flavor—and it will give you. It is a favorite at all times, and it's economical, too.

PRIVATE SEAL is good in the heat—and good in the health—because good for you—under a hot sun just today—TODAY—means that the best is P. O. N.
